RG-65 Race at Tingley on July 6, 2013, Race #11

Michael Jiron served as non-sailing RD, and earned (2) points for our season standings. We started at 11:00 AM and ran races until 1:30 PM. Winds started out light, but became mostly moderate by the end of the racing. Peter Roupas sailed his new Dragon Force RG65. DNF = DNS = Number of boats + 1 = 8.

RG-65 Race at Tingley on July 20, 2013, Race #12

Bob Jones served as non-sailing RD, and earned (2) points for our season standings. We started at 11:00 AM and ran races until 1 PM. RD told us he would quit racing when he heard thunder, so that skippers would be safe, thus we quit a half hour early. Winds were light, and very often changed direction for short periods of time. Peter Roupas and Allen (Buzz) Buzzell sailed their new Dragon Force RG65s. DNF = DNS = Number of boats + 1 = 7.

RG-65 Race at Tingley on August 17, 2013, Race #14

Jim Scheibner served as non-sailing RD, but did not earn points for season standings as he had already earned two points twice. This was Jim's third time at non-sailing RD. Kathy Bailey served as scorekeeper. Winds were mostly moderate with a few light intervals. Peter Eschman gave a boost to everyone's standings when he forgot his transmitter and missed the first two heats during the time it took to go home to retrieve it. Many skippers seemed to think it was a good idea for him to forget his transmitter more often. We were very pleased to see Carveth Cramer join us once again on the race course. Carveth has a long drive to get to our pond, so it is difficult for him to attend many of our events.

RG-65 Race at Tingley on October 19, 2013 (not counted in season standings)

Earl Boebert served as RD and Kathy Bailey served as score keeper. We used this event to practice for the Odd/Even finish groupings that we plan to use the following weekend at the 2013 Rio Grande Cup for RG65. Winds were mostly light as we alternated between sailing 4 and 5 boats per grouping. Two groupings form what we normally call a Heat, and all the Heats together form a Race. The terms for Heat and Race are defined for RC racing in the Racing Rules of Sailing (RRS) Appendix E 1.2c.

We had three cases of ties on final score, but we expect this to be less common when more heats are sailed for an event. The tie between Pat Montalvo and Steve Bailey was broken in Pat's favor since he had three first place finishes. The tie between Bob Jones and Dane Christopher was broken in Bob's favor since Bob beat Dane in the one grouping where they sailed together. The tie between Joey Winklepleck and Carveth Kramer was broken in Joey's favor since he had one first place finish. DNF = DNS = maximum number of boats in either group + 1 = 6.

RG-65 Race at Tingley on November 16, 2013, Race #18

Bob Jones served as non-sailing RD, but did not earn points for season standings as he had already earned two points twice. This was Bob's third time at non-sailing RD. Strong winds were predicted, so some skippers brought their B and C rigs. Winds started out on the light side, but some of us switched to smaller rigs after the break. After the break, boats with B rigs did better up wind, but the A rigs had an advantage on the off wind legs.

Pete Eschman served as non-sailing RD and earned (2) points for season standings. Winds were mostly moderate. A massive rain storm Friday evening resulted in many vehicle traffic snarls that persisted well into Saturday. This resulted in us starting about a half hour late and racing until 2:00 pm.

Soling One Meter Race at Tingley on September 14, 2013: no racing due to small turnout at the pond

Soling One Meter Race at Tingley on September, 28, 2013, Race #10

Jim Scheibner served as sailing RD. Jim reported: As usual, winds were light and mostly out of the north. A visitor, whose first name was Jim, brought a new Victoria and Dane provided tuning info to him. We think he will join the club. We allowed him to sail along with the three of us on a non-interference basis for the last three heats. For the last two heats, we did "Senior citizen racing" wherein each skipper remained seated for the entire heat. This worked well with only four racing. It was a great low-key day.

Paul Boucher served as non-sailing RD and earned (2) points for season standings. Winds were mostly light at the start of the event and got a bit stronger as time went by. Fendal Glenn joined us, but electrical problems prevented him from racing. We think we isolated the problem to battery switch and battery pack, so hopefully Fendal can get things working again soon.

\* RD served as sailing RD because fewer than 6 boats competed in this event

Note that on 6/22/13 (Boucher) and 9/14/13 (Roupas), credit was given for serving as RD when no races were sailed due to small turn out (because they did come to the pond to run the races). They are eligible to earn (2) points if they serve as a non-sailing RD in the future.
