Gifford Hawn served as sailing RD earning {4} points for season standings. There were four boats racing today, 2 RG's and 2 DF's. Gifford brought the club DF65 for Mark Sutton to use, as Mark's boat had some issue two weeks ago. When Mark left at about 1:15, Gifford took over sailing the club boat. When Lloyd had an issue with his boat, he missed one heat race before he started sailing Buzz's modified DF65 (it had an RG swing rig installed). All heats were started between the white buoys to the south with port turns at all three southern buoys. The first heat was only half a lap to test the wind. The remaining 9 heats extended the course to a starboard turn around the north yellow buoy. Kieth provided a little excitement at the start of one heat when he hooked his keel on the close white mark as he crossed the start line. After the heat was completed, with a group effort, his boat was freed from the mark anchor line. **DS = (Did Not Start);**

Peter Roupas served as non-sailing RD earning (2) points for season standings. Very light wind was switching between the north and south. Gifford forgot his transmitter but was able to borrow - and tune - Buzz's DF65. Kieth arrived late and did not get his boat sorted until the last heat. With almost no wind we stopped racing at 2:07. **DS = (Did Not Start); DF = (Did Not Finish) = Number of Boats + 1 = 9**

Earl Boebert served as sailing RD earning (3) points for season standings. The RD and three skippers were at the pond at start time but the wind was calm so no skippers were interested in sailing. Approximately 12:15 PM sailing was cancelled. After Bill Bank and Peter Roupas left Kieth arrived and wanted to race. The pond was hiding pieces of brush floating just below the surface. Every skipper was caught at least once.

Buzz Buzzell served as non-sailing RD earning (0) points for season standings because he had already received (2) points twice. The RD sailed the first heat with five boats. Lloyd arrived during the heat increasing the boat total to six; the RD could not continue sailing. With light wind from the south, the first and second heats were only one half of the pond. An occasional wind increase prompted lengthening the course. The course for the remaining heats started south; starboard rounding of the yellow and red marks; ssail north for a starboard rounding of the red mark; finish south. Bill retired with control problems in heat three. Earl caught a large branch in heat four. DS = (Did Not Start); DF = (Did Not Finish) = Number of Boats + 1 = 7

Pete Eschman served as non-sailing RD earning (2) points for season standings. There were light to moderate breezes mostly out of the south. Odell Walker joined us sailing the club DF65. He finished 6th only 3 points out of 5th – pretty good for his first time sailing, let alone racing. **DQ = (Disqualified); DS = (Did Not Start); DF = (Did Not Finish) = Number of Boats + 1 = 11**

Gifford Hawn served as non-sailing RD earning (2) points for season standings. Gifford intended to sail but when Lloyd arrived that was prevented by club rules. The wind was light but sufficient to complete eight heats. S1M Race at Tingley on July 13, 2019, Race #12

Pete Eschman served as sailing RD, earning his first place fleet finish {1} for season standings. We had 3 boats on hand for the races. The first seven heats were sailed with a full lap course. We started to the south, then rounded the SW green buoy to port, SE red to port, north to round the NE red to port, NW green to port and then headed south to finish between the white buoys. We shortened course for the last three heats because the wind continued to drop. The shortened course simply removed the northern mark rounding, so we finished heading north from the SE red buoy. Winds were light, but relatively steady for most of our racing,

S1M Race at Tingley on July 27, 2019, Race #13

Allen Buzzell served as sailing RD, earning his second place fleet finish {2} for season standings. We only had three boats at the pond today for the Soling 1M races. Due to the lack of wind, the course was only half a lap to the south yellow and green buoys; finish north at the white marks. We only got in five heats, as Gifford's rudder servo ceased working heading toward the finish of the fifth heat. He would have finished second, but the boat hit the close finish buoy on its' way to the pond's north shore. Luckily the rudder was centered and all he had to do is walk to the north end to retrieve his boat.

Allen Buzzzell served as sailing RD, earning his first place fleet finish {1} point for season standings. A skipper from Denver was at the Pond so we invited him to join us with his Laser. Since we were not able to place the permanent marks during the week, toss-in marks were used as follows: start/finish was between a yellow mark and a tree on the far shore; green mark the south end; red mark at the north end. The Pond water was beautiful, we could see the bottom. The wind was not so beautiful – extremely light and variable but we sailed ten heats.
